

Notice about premiums!

The market is in active sell mode right now for a variety of reasons, this has lead to Infinity Coins as well as all of the national wholesalers to become overstocked.

This has lead to unusual price fluctuations on premiums.

Please also note that the buy prices and premiums listed here do not represent our normal spreads or pricing.

The markets are changing quickly, be aware that the numbers can and will change unexpectedly.

Rest assured we will stay on top of the market and always be here as a trusted trading partner to lock in prices at anytime.
